BED WOOD KITS

- Bed kits are made to order, easy to install and include holes punched.
- Our bed wood kits are precision made in our Oklahoma City manufacturing facility.
- Kits include bed wood boards with mounting holes; bed strips; and the bolts, nuts, washers and lockwashers (including angle strip bolts) needed to install the wood and strips.
- Choose from a wide variety of different wood/metal combinations to suit your style!

**MAR-K™ Bed Wood Kits
are MADE IN THE USA!**

For our oak kits, we select and machine oak bed wood from the finest quality Appalachian red oak lumber (show quality). The polished bed strips are precision roll formed and polished to a mirror finish in our own manufacturing shop. The oak/polished stainless kit includes brightly polished stainless bolts and offset washers. Or, select hidden mounting holes in the oak wood, choose from polished stainless or one of three types of anodized aluminum bed strips with hidden fasteners, and the bed-to-frame and angle strip bolts are included. For daily driver use, choose our southern yellow pine wood with steel bed strips and zinc plated bolts to be painted before installation like the originals. **MAR-K™ now offers wood finish!** See page 19 for details and instructions.
