

BILLET POLISHED LIGHTS WITH LED OR STANDARD LAMPS

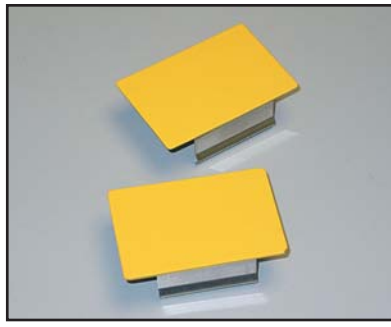

Available for any year, make and model. Made to fit in flat panels. Light fits in 1-1/4" diameter hole. Requires 2-1/2" depth behind light for wiring. Includes retention ring. LEDs - These lights are made of billet aluminum with a polished bezel. The clear lens protects the 12 volt LED light inside. Select White for backup lights or Amber for turn signals. The Red lamp is dual intensity for applications combining the running lamp with turn signal or brake lights. All lighted hole caps come with approximately 10" pigtail wires. Lighted - These lights are made of billet aluminum with a polished bezel. Includes lens and 12 volt light. The bulb is a type 194 miniature single filament bulb commonly used in GM sidemarker applications. Connect to your existing light or turn signal for extra visibility. **MADE BY MAR-K IN OKLAHOMA CITY, USA.**

LETTERS FROM OUR CUSTOMERS!

"This is Ron Glazebrook letting you know that I received (my) order in a timely manner and in excellent condition thanks to your superior packaging. I would like to again thank (your sales staff) for their cooperation, knowledge and patience with me when placing my initial order. You folks made the whole experience very pleasant and added a personal touch that cannot be measured in dollars. I truly appreciate doing business with you..."
Ron Glazebrook of Torrance, CA

"Awhile back I purchased a set of boltless bed strips and hardware from you. Everything about my experience with MAR-K was great. You were very helpful, the price was noticeably less than elsewhere, and most of all, everything fit ...The truck is done now ... It has trophied in every show it has been in to date and will be on the cover of the June issue of Classic Trucks magazine... I have recommended your company many times over the past year, and thank you again for the great help, price and products you provide. "
- Anthony Mangione of Rancho Mirage, CA

"I just completed a new bed for my 1956 Ford F100 big window using many fresh parts from MAR-K. Thank you for your efforts in keeping these icons of American culture ubiquitous in our landscape. I have added pride in knowing that the trucks heritage is maintained using quality parts made in the good old USA."
- David Hadjuk, of Sedona, AZ
