**67-72 WOOD BED CONVERSION KITS**

Tired of the old steel floor in your 1967-72 GM pickup? Fix it up with a show quality wood bed from **MAR-K** Quality Parts. These Fleetside pickups were available from GM with a factory wood bed and we have the parts needed to convert your steel bed to a show winning wood bed. You can use your original bed sides, wheel tubs, and tailgate without modifications.

Information on the conversion has been featured in *Classic Trucks* and *Sport Truck* Magazines. If you are interested in more information on how to convert your truck, visit our website, [www.mar-k.com](http://www.mar-k.com). We have conversion instructions available online, plus much more.

To convert your truck to a wood floor, purchase a Conversion Metal Parts Kit and your selection of a Bed Wood Kit according to your preference. Included in the Conversion Metal Parts Kit are the front bed panel, rear sill, cross sills (correct number for short or long), reinforcement strips and hardware for mounting the front panel and rear sill to your bed sides. Detailed instructions are included for removing the old steel floor parts and installing the new wood floor kit.

## MAR-K BED -

- Bed kits are made to order, easy to install and include all holes punched.
- Our conversion kits are precision made in our Oklahoma City manufacturing facility. Our bed kits include the quality details that make our parts fit together and fit the truck.
- To order a **MAR-K** bed for GM 67-72 Fleetside Trucks, you need to purchase a Wood Bed Conversion Kit *and* a Bed Wood Kit. We separate these two (2) kits in order to give our customers the opportunity to buy exactly the wood bed kit that they want for their truck.
- Bed wood kits are available for GM 58-72 Short Fleetside and 58-80 Long Fleetside trucks.
- For more technical details about each individual part, go to that section in our catalog. Call us or go online to customize your kit.

### BED WOOD KITS

Includes bed wood boards with mounting holes; bed strips; and the bolts, nuts, washers and lockwashers you need to install the wood and strips in your truck. We select and machine oak bed wood from the finest quality Appalachian red oak lumber (show quality). Choose from four (4) different wood/metal combinations so your bed looks exactly the way you want it! Polished stainless/oak bed wood kit has bed strips that are precision roll formed and polished to a mirror finish in our own manufacturing shop. Kit includes brightly polished stainless bolts and offset washers. Polished stainless bed strips kit with special stainless hidden fasteners to install the bed strips includes hidden bolts to attach the wood to the frame. Pine wood (daily driver use) has steel bed strips and zinc plated bolts that are supplied unpainted, but should be painted before installation. Bolts for attaching the bed side flanges and wheel tubs to the wood floor are also included.
