

MAR-K
METAL BED KITS
51-72 FORD

MAR-K bed sides have stake pockets and extension panels welded on, all fender holes punched and stake pocket holes in the top.

Front bed panel and zinc plated hardware.

Cross sills and rear cross sill include holes and brackets for attachment of wood bed kit and bed to frame.

FORD METAL BED PARTS KITS

MAR-K can supply the parts needed to replace the complete bed on your Ford pickup. These parts are designed to be identical to the originals and the resulting appearance of an all-new bed is exceptional. A **MAR-K** Metal Bed Parts kit is made up of a pair of bed sides, front bed panel, tailgate (*except for 51-52 Ford*), rear cross sill, two (2) center cross sills, the front cross sill and a steel bed wood sill. The parts are designed to match the year of your truck. They have all bolt holes for accurate assembly and they fit like a glove. Also included in the kit are zinc plated steel tailgate chains with black chain covers, steel tailgate hinges, and zinc plated steel fasteners to bolt all these pieces together.

We provide detailed instructions with each Metal Bed Parts kit to guide you through the assembly and installation process. Choose a **MAR-K** bed wood kit with oak or pine wood, steel, stainless, or aluminum bed strips, and steel or stainless hardware to complete the bed. Metal Bed Parts Kits ship by truck, freight prepaid.

Please note:

- **51-52 Ford Kit does not include a tailgate**
- **53-72 Ford kits include a smooth tailgate.**

METAL BED PARTS KIT + BED WOOD KIT = COMPLETE MAR-K BED BED WOOD KITS

Includes bed wood boards with mounting holes, bed strips and the bolts, nuts, washers and lockwashers you need to install the wood and strips in your truck. We select and machine oak bed wood from the finest quality Appalachian red oak lumber (show quality). Choose from four (4) different wood/metal combinations so your bed looks exactly the way you want it! Polished stainless/oak bed wood kit has bed strips that are precision roll formed and polished to a mirror finish in our own manufacturing shop. Kit includes brightly polished stainless bolts and bed-to-frame washers. Polished stainless bed strips kit with special stainless hidden fasteners to install the bed strips includes hidden bolts to attach the wood to the frame. Pine wood (daily driver use) has steel bed strips and zinc plated bolts that are supplied unpainted, but should be painted before installation. Bed wood to bed side bolts are also included with each kit. Long flareside wood boards do not have edge board cut outs.
