

TAILGATE HINGES AND TRUNNIONS

The tailgate hinges are used at the base of the tailgate for opening and closing. They bolt to the bed side and have a cylindrical part that fits into the tailgate allowing it to rotate. Available for GM, Ford and Dodge Stepside trucks.

GM Stepside

100677	34-39 STEEL	\$45.00 pr
100678	40-53 STEEL (FITS MAR-K 40-53 TAILGATES)	30.00 pr
100888	40-53 STAINLESS (FITS MAR-K 40-53 TAILGATES)	45.00 pr
100592	40 HINGE BUSHING (FOR 40 TAILGATES W/SCRIPT)		.30.00 pr

DODGE Stepside

130119	48-85 OUTER WITH BOLTS (REQ 2 PER TRUCK)	\$20.00 ea
130120	48-85 CENTER WITH BOLTS (REQ 1 PER TRUCK)	15.00 ea

FORD Flareside (Stepside)

120127	48-87 STEEL	\$12.00 pr
120137	48-87 POLISHED STAINLESS	30.00 pr

The tailgate trunnions are used just like hinges. They bolt to the bed side and have a cylindrical part that fits into the tailgate allowing it to rotate. Available for GM trucks. **MAR-K** urethane trunnions for 54-87 GM reduce noise and rust!

TAILGATE LATCHES

MAR-K now makes tailgate latches with a unique "locking" system that allows them to stay in the open position. These are spring-loaded and used in custom

applications for replacing the old tailgate chains. Zinc plated for corrosion resistance. Each pair includes latches, installation hardware and complete instructions.

GM Stepside/Fleetside

100265	34-39/41-87 STEPSIDE	\$75.00 pr
100266	58-66 FLEETSIDE	85.00 pr

FORD Flareside (Stepside)

102884	53-87 FLARESIDE	\$75.00 pr

MAR-K

TAILGATE HINGES, LATCHES & LINKS

A **MAR-K** employee attaches the two link pieces to each other using this special pressing tool.

TAILGATE LINK ASSEMBLIES

MAR-K makes link assemblies for custom applications for removal of chains on original tailgates. These are zinc plated for corrosion resistance. These kits require modification to the bed sides and tailgate. Available for GM, Ford and Dodge Stepside trucks.

GM Stepside/Fleetside

102982	34-39 STEPSIDE	\$60.00 pr
102835	41-53 STEPSIDE	60.00 pr
102834	54-87 STEPSIDE	60.00 pr
102837	58-66 FLEETSIDE	75.00 pr

DODGE Stepside

130212	48-85 HIGHSIDE STEPSIDE	\$60.00 pr
--------	-------------------------	-------	------------

FORD Flareside (Stepside)

102882	53-72 SHORT FLARESIDE	\$60.00 pr
102883	76-87 SHORT/53-87 LONG FLARESIDE	60.00 pr

TOOLS TO HELP INSTALL

17/32" DRILL BIT: This 17/32" drill bit has a 3/8" shank for use in a typical 3/8 capacity drill chuck. It is used in the installation of **MAR-K** Tailgate Link Assemblies for Dodge 48-85 Highside Stepside and Ford 53-87 Flareside trucks and GM 34-39 tailgates with hidden latch and link.

5/8" HOLE SAW: This hole saw is used in the installation of **MAR-K** hidden latches on GM Stepside, GM 58-66 Fleetside and Ford Flareside trucks. It fits in a 3/8" drill chuck and is used to drill a 5/8" diameter hole in the tailgate end and in the GM bed sides when using stock bed sides. The tool is complete with hole saw, arbor, and 1/4" pilot drill.
