\*39- 40 script tailgates are purchased from an outside vendor

\*\*Tailgates made by MAR-K for the 40 require a 41-53 style hinge.

### TAILGATES

- MAR-K makes tailgates in many styles for GM, Ford and Dodge trucks, including styles with louvres.
- Attention to detail such as correct steel gage thickness, welded construction like the original, and accurate bends and dimensions result in a tailgate that fits right and looks great!
- Options include custom tailgates without the latch, flush tailgates, tailgates with handle and latch mechanism and tailgates with hidden latches and link assemblies. See pages 48-51.
- Chevrolet and GMC script tailgates are GM Restoration Parts supplied by MAR-K Specialized Mfg. or other authorized General Motors Licensee.
- Bowtie embossed tailgates are made by MAR-K and are GM Licensed Parts.
- MAR-K tailgates are made in Oklahoma City, USA!

**LOUVRES - MAR-K** offers louvres in four (4) rows, seven (7) rows and eight (8) rows. We also offer the "Bowtie" design for Chevrolet pickups. The louvres are 4" wide, and have 6" center spacing (6" measuring from the center of one louvre to the center of the next horizontally). The louvres in the tailgates are made to line up with those in our rear roll pan. See pages 68-71. The louvre patterns are designed to look the best on each given year model of tailgate. This is why the GM tailgate has seven (7) rows, while the wider Ford tailgate has eight (8) rows.

**TAILGATES WITH HIDDEN LATCHES AND LINK ASSEMBLIES FOR 34-87 CHEVROLET AND GMC STEPSIDES**

**MAR-K** complete CHEVROLET and GMC Stepside tailgates modified to use hidden latches and link assemblies are now available. The latches are inside the tailgate with only the knob visible on the inside.

This tailgate is perfect for those who want the traditional tailgate without the chains, which are noisy and sometimes damage the paint finish. Included with the tailgate is a customizing kit to convert stock bed sides to work with the hidden latches and links. **MAR-K's** bed sides are available with the upgrade to work with these tailgates! To order the upgrade with your bedside order, use part number 102870, order one upgrade per bedside. Made of 16 gage electrogalvanized steel in Oklahoma City, USA! Instructions included.

For custom applications on 40-87 GM stepsides, we make a double wall tailgate which is smooth both inside and outside. The appearance is similar to a smooth tailgate with a cover. Same great **MAR-K** quality as all of our other tailgates. It is available with or without Bowtie embossment on the outer surface and with or without chain latch brackets for GM 54-87. *Made in Oklahoma City, USA!*

Oklahoma  
City, USA!*

**MAR-K Smooth Tailgate with Handle and Latch**  
1978 Chevy Short Stepside  
Dennis Kimble, Bakersfield, CA

### LOOK! NO CHAINS - FLUSH TAILGATE WITH HANDLE AND LATCH MECHANISM

The handle is inside the bed so the outside has a smooth, flush look, much like the look of a fleetside tailgate with a smooth tailgate cover. Customizing kit is included to convert your current bed sides to work with the handle and latching mechanism. Made of 16 gage electro-galvanized steel, it is ready to primer and paint. Available with or without Bowtie embossment on the outer surface. **Installation of this part requires modification to bed sides.** MAR-K bed sides are also available with custom bed side upgrades that have the latch mechanism already installed. See page 43.

### 58-66 GM FLEETSIDE TAILGATES - NO CHAINS - WITH HANDLE AND LATCH MECHANISM

*Made in  
Oklahoma  
City, USA!*

MAR-K now makes custom Fleetside tailgates which use a handle with latches and link assemblies to open and close the back of the bed. Instructions are included. The latches are inside the tailgate ends with only the center handle visible on the inside. This tailgate is perfect for those who want the traditional tailgate without the chains, which are noisy and sometimes damage the paint finish. Made in Oklahoma City, USA. Included with the tailgate is a customizing kit to convert stock bed sides to work with the latching mechanism and links. Made of 16 gage electro-galvanized steel. CHEVROLET and GMC scripts made with Stepside Stampings.

**DODGE 48-85 UTILINE (STEPSIDE) TAILGATES**

MAR-K makes Dodge Tailgates that fit 1948-85 Dodge Utiline (Stepside) Pickups with 54" or 49" wide beds. These have the embossed pattern without the script and are made of 16 gage electro-galvanized steel in Oklahoma City, USA. Includes accurate bends and dimensions. The 54" tailgate is a reproduction of the Dodge 1972-1985 original tailgate and is made to work with MAR-K's Dodge Li'l Red Express trim board set which is sold separately. Chains and hinges also sold separately, see pages 52-53.

**FORD TAILGATES WITH LATCH AND LINKS**

MAR-K's custom Flareside (Stepside) tailgates use latches and link assemblies to open and close the back of the bed. The latches are inside the bed so the outside has a clean, smooth look. This tailgate is

perfect for those who don't want the traditional tailgate chains, which are noisy and sometimes damage the paint finish. Made in Oklahoma City, USA. Included with the tailgate is a customizing kit to convert stock bed sides to work with the latching mechanism and links. MAR-K's 51-72 bed sides are available with an upgrade (#102849) to work with the 53-72 tailgate with latch and link!
