

Classic Style and Function meet in our

CLASSIC TRUCK TRAILER

Roll out that classic truck look in our new trailer! **MAR-K™** now manufactures new custom trailers that look just like a Classic GM 55-66 truck bed. Our patent-pending trailers have been created by the same team of engineers who use research and design to make our classic truck beds but with the added space and strength to haul all your stuff. Kits include all the parts you need to make your classic truck trailer including all the metal bed parts, wood bed floor and frame parts. See the general descriptions below for each trailer kit or visit our website for complete information as well as individual parts available.

Classic Truck Complete Trailer Kits made like GM 55-66 Trucks

- 120087 Trailer Deluxe Kit \$8232.50 kit**
- 120089 Trailer Basic Kit 6424.00 kit**
- 120083 Trailer Starter Kit 1826.00 kit**

Classic Truck Trailer Complete Deluxe Kit

This Deluxe Kit made like the GM 55-66 stepside truck contains the parts needed to assemble the complete trailer, including frame, electrical wiring and lights, metal bed parts, and wood bed floor. The trailer frame kit includes the complete welded frame powder coated shiny black, axle and suspension with 'smoothie' wheels and radial tires, wiring harness and lights, hitch coupler, jack, and hardware to bolt together. A chrome rear bumper with mounting brackets and hardware completes the classic look. The metal bed parts in this kit include all the parts needed to build the complete trailer bed including the upgraded tailgate kit.

Classic Truck Trailer Complete Basic Kit

The Basic Trailer Kit made like the GM 55-66 stepside truck includes the complete bare steel welded frame, axle and suspension with 'smoothie' wheels and radial tires, wiring harness and lights, hitch coupler, and hardware to bolt together. This kit includes all metal bed parts and zinc-plated steel hardware needed to assemble the complete trailer bed.

Classic Truck Trailer Starter Kit

The starter kit made like the GM 55-66 stepside truck is intended for the builder who needs only the parts that are unique to the Mar-K trailer design. This kit includes the trailer bed sides, front panel, rear bed sill, step supports, and frame cross members. A set of plan drawings for building the frame and assembling the trailer is included.
